Dear Patron of the Arts!

As you may know Central Florida has embarked on a once in a lifetime opportunity with the birthing of Phase I of the Dr. Phillips Performing Arts Center.

All major halls and art centers across America and the world include a pipe organ in their halls to be a complete world class arts complex. We are concerned to learn with Orlando being a world class destination the Executive Board of the Arts Center has not yet included a pipe organ in PHASE II of the building plan. This addition would be much less than 1% of the total costs of the DPAC project itself.

A Pipe Organ would bring more musical diversity to the halls repertoire as a communal center of music by adding over 300 organ/orchestral pieces, 1000's more organ works and essential choral works which would otherwise not be heard or capable of performance at the hall.

Without your voice of support there is not much chance the "King of Instruments" will be included in our performing arts center.

To the Dr. Phillips Center for the Performing Arts Center 455 South Orange Ave. Suite 700 Orlando, FL 32801
Dear Chairman

James H. Pugh, Jr.
Ex-Officios
Mayor Buddy Dyer, City of Orlando
Micky Gindstaff, Chairman, UCF Board of Directors
