Position: Part-Time Sundays Only and for Special Occasions such as Memorial Services, Weddings or similar events.

Position Description: (Service times, choirs - type and number, rehearsal schedule) Two Services – 8:45am Contemporary and 10:45am Traditional. Individual hired has option of working just the Traditional Service. The Contemporary Service has a Praise team with instrumental music recorded on MIDI accompanied by live guitar. This service functions without an organist or pianist but if someone were available, we would certainly take advantage of him or her. The Traditional Service requires an Organist and/or Pianist for Hymns, Offertory, Prayer Responses, etc. The church had a very active choir for the Traditional service but the choir stopped singing when Covid shut down church services in early 2020. The choir would need to be reorganized. No youth in the church. If we have a rehearsal it is Sundays between service or after services.

Salary / Benefits: Prefer someone who can be paid by the service. Will negotiate the compensation amount based on experience and ability to play the organ & piano

Keyboard Instruments: We have five (5) octaves of chimes, a Yamaha Clavinova, a Baldwin Grand piano, an Allen Digital Computer Organ, a Professional soundboard and PA System
